EXPERIENCE

SUMMER INTERN
Citicorp

📅 01/2020 - ONGOING   📍 Pune Maharashtra

Citicorp Services India Private Limited provides financial services.

- Prepared 5 cash flow reports which aided the management in monitoring client accounts and investments.
- Worked on Report Automation using SAS and Data Visualisation using Tableau.

Team Lead
NIMCET

📅 01/2019 - 01/2020   📍 National Institute of Technology Karnataka Surathkal.

The NIMCET is an NIT MCA Common Entrance Test for the national level entrance test in India for admission to Master of Computer Applications courses in selected National Institutes of Technology.

- Played the role of Team Leader cum Back-end developer for this project.
- Developed a website for all the phases of the exam Registration, payments, Hall ticket generation, seat allotment, counselling.

PROJECTS

NITK OFFICIAL WEBSITE

📅 08/2018 - 08/2019
🔗 https://www.nitk.ac.in/

Developed Dynamic Website which is a combination of two different frameworks Laravel and Ruby on Rails. Laravel Used as like the front end for the end-user and Ruby on rails is responsible for Writing Articles to the different sections of the main website.

- Worked on the Dashboard that shows the status of all the articles created on the main website and the ability to add new articles only to the authorized person.

IRIS NITK

📅 08/2018 - 11/2019
🔗 https://iris.nitk.ac.in/admission/admissions/login

We are a team of motivated students from NITK Surathkal, developing and expanding an digital portal that ensures that all administrative, academic and alumni related procedures take place methodically.

- Worked as a Back-end developer on Digitalize the admission process of National institute of Technology , Karnataka.
